

You are not alone

Breaking down barriers for patient care

**Don't fight severe illness
by yourself.**

Physician availability is becoming more of a challenge nationwide, as patients face longer waits to get medical care. American Medical Association President Bruce A. Scott, MD, discussed the growing issues affecting patient access in a recent segment on NBC's TODAY Show, calling it "almost crisis level."

You are not alone.

**Florida Health and Wellness
is here to help.**
